

Secondary structure: large subunit ribosomal RNA - 3' half

Suillus sinuspaulianus: Mitochondrion

(Yunan Li - Thesis *)

1.Eukaryota 2.eukaryote crown group

3.Fungi/Metazoa group 4.Fungi

5.Basidiomycota 6.Hymenomycetes

7.Boletales 8.Boletaceae 9.Suillus

November 1999

* Molecular Characterization and Evolution of Mitochondrial Introns within the Large Subunit Ribosomal RNA Genes of *Suillus*, University of California at Berkeley, 1995
